

Mobile Desk Assembly

Read all instructions and review illustrations before assembly.

WARNING

This desk is heavy. Two or more people are required for assembly. Attempting to assemble this desk alone may cause injury. Take care when handling metal parts. Sharp edges may cause injury.

Tools needed for assembly:
Phillips Screwdriver
Pliers

1. Lock drawers. Then, with two or more people, turn the desk upside down. Place on cardboard or carpeted surface in order to prevent the top from being scratched.
2. Insert a leg bracket into the leg slot as shown in **Figures 1 & 3**. Note: the bracket may need to flip up or down depending on which corner the leg is being installed.
3. Insert the open end of the leg into the socket as shown in **Figures 2 & 4**.
4. Align holes in the leg bracket with the holes in the pedestal and install 2 #8 x 1/2" screws for each leg. Note: See **Figure 5** for hole alignment on front corners with drawers.
5. Repeat for remaining legs.
6. Install the casters into the threaded hole in the bottom of each leg.
7. Use two or more people to turn the desk upright.
8. Place in desired location and adjust leveling glides as
