INSTRUCTIONS

**Tools Required:**
8mm Hex Wrench

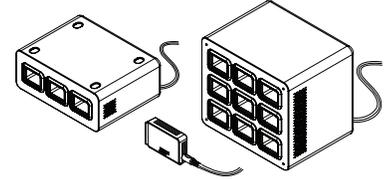

In the Box:

Clamp-On Desktop Charging Unit
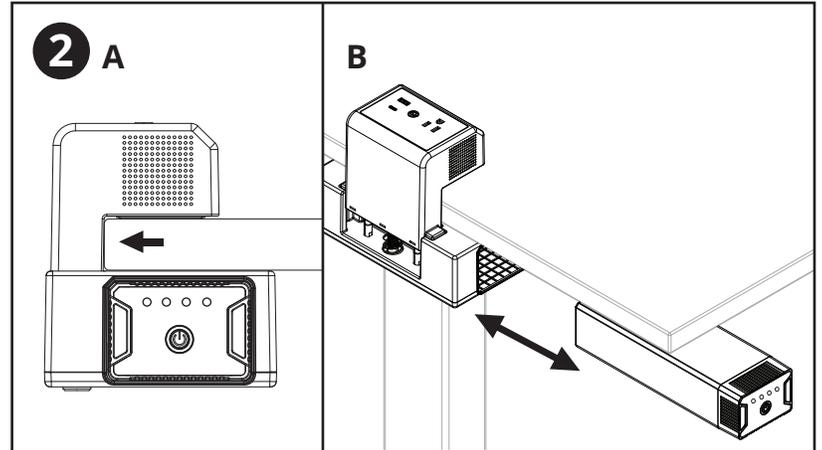

8 mm Hex Wrench

Ships / Sold Separately:
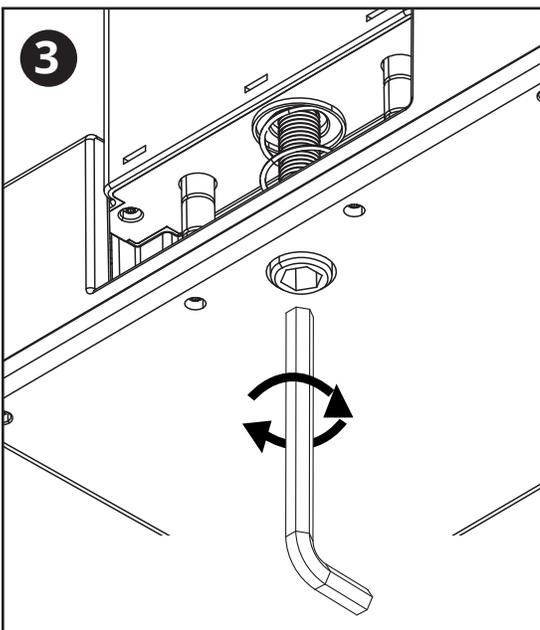

Rechargeable Battery

Battery Charging Options

1

Open Clamp-On Desktop Charging Unit clamp by loosening 8 mm bolt.
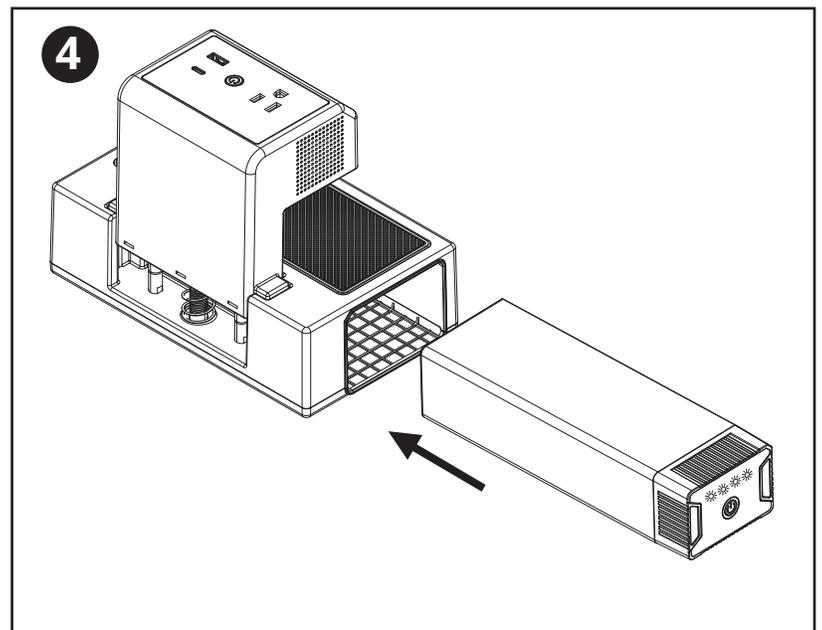

2 A   B

Test clamp fit by sliding clamp over edge of desk or table.
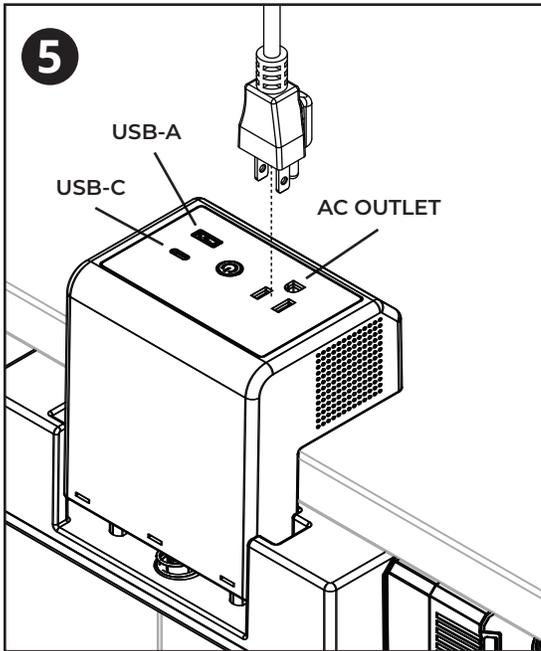

- Ensure outer edge of desk fully reaches inner edge of clamp.
- Ensure there is adequate clearance to insert and remove Rechargeable Battery.

3

Tighten bolt until clamp fits snugly on desk.
**IMPORTANT:** Do not over-tighten bolt.

4

Insert Rechargeable Battery into Clamp-On Desktop Charging Unit.
IMPORTANT: Battery must be fully charged before first use.
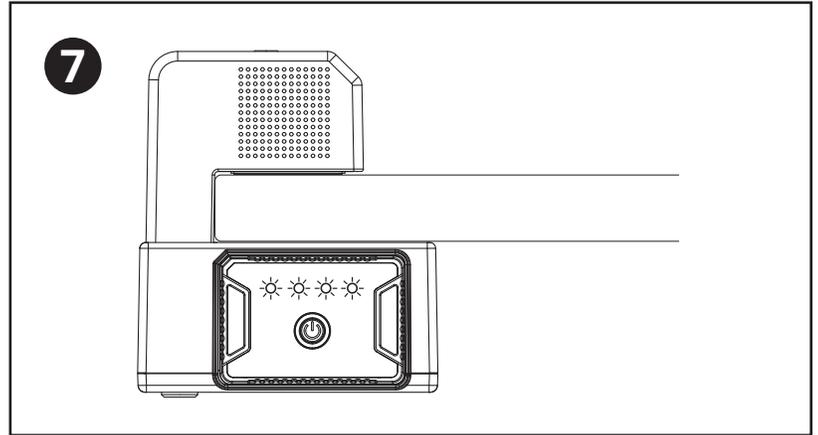

5

USB-A
USB-C
AC OUTLET

**Plug devices into corresponding
AC outlet and USB ports.**

- USB-C and USB-A ports will immediately
  begin powering devices.

6

**Press power button ⏻ on top of clamp to activate
AC outlet.**

7

**Press power button ⏻ on end of Rechargeable Battery to
activate indicator lights and monitor power consumption.**

- When only one LED is illuminated on Battery, replace with a
  fully-charged Battery from Base Charging Station.

IMPORTANT: Plug a maximum of one device into each
corresponding outlet/port. Do not use a splitter to plug multiple
devices into one outlet and/or port, as this will damage the
Rechargeable Battery and Clamp-On Desktop Charging Unit.

TROUBLESHOOTING

Power Button Flashing Green*

1. Reset Clamp-On Desktop
   Charging Unit by unplugging
   device(s) and pressing power
   button.

2. Plug device in again. If power
   button continues to flash,
   device is not compatible with
   EdgePower and should not
   be used.

*Indicates a safety feature has
been triggerd by a device.

**Device Not Charging when
Plugged into AC Outlet:**

1. Confirm power button
   has been pressed and
   green light is on.

2. Check the Rechargeable
   Battery's indicator lights for
   power level.

3. Recharge Battery if one
   or fewer indicator lights
   are illuminated.

**Device Not Charging when
Plugged into USB Ports.**

1. Check the Rechargeable
   Battery's indicator lights for
   power level.

2. Recharge Battery if one or
   fewer indicator lights are
   illuminated.
